

## Happy Holidays!

### WE HAVE REACHED THE END OF ANOTHER PRODUCTIVE YEAR

and doesn't it seem to come around faster every year? We at Pest Management Academy would like to say thank you for your support this year and we hope that you will have a well deserved rest over the December period and that you will be refreshed and ready for another great year in 2013.

### JUST TO WHET YOUR APPETITE FOR NEXT YEAR...

We have some very exciting projects in the pipeline. We have two new training courses ... one specialising in the Food Safety Arena for advanced pest control operators and another for Aerial Application if you intend to do applications via aircraft.

### ANOTHER MAJOR MILESTONE

Is the release of an Operator Guide that will give all our students practical application information and an identification guide in a handy size that can be kept in the cubby hole of your operating vehicles. This guide is very specific for pests that we encounter in South Africa and it has a comprehensive list of chemicals and equipment that can be used for the various pests.

Enjoy your rest, travel safely and see you next year!

**ARE YOU BATTLING TO COMPLETE YOUR PEST CONTROL QUALIFICATION?  
IF SO CONTACT US!!!!**
