

## Aerial application course for agricultural pilot rating

Pest Management Academy is proud to announce the accreditation of its training course for pilots to become registered pest control operators with the Department of Agriculture to enable them to meet the registration criteria to have their "Agricultural Pilot Rating" added to their Pilot's Licence.

The training course entails a three day theoretical/practical course at our training academy in Pretoria. Students who are found competent or passed the training programme must also meet the Department of Agriculture requirement of six months practical experience to successfully gain their Pest Control Operator registration.

The prospective learner will complete two modules
