Pest Management Academy

ANNOUNCEMENT

Pest Management Academy is proud to announce that we have been accredited by the Department of Higher Education and Training to present the correspondence course: Further Education & Training Certificate: Pest Control Operations NQF Level 4 NQF ID 57830. What this means for you is that you can now do a distance learning or correspondence course to qualify for your P number. We offer the following subjects:

Module 1:

- Chapter 1: The legal framework of the pest control industry.
- Chapter 2: Inspect premises for pests.
- Chapter 3: Pest Identification.
- Chapter 4: Handle pesticides safely.
- Chapter 5: Utilise pesticide application equipment.
- Chapter 6: Safe working procedures and practices.
- Chapter 7: Plan pest control interventions.
- Chapter 8: Monitor and evaluate a pest management programme.
- Chapter 9: Design and implement integrated pest management solutions.
- Chapter 10: The importance of customer service.
- Chapter 11: The importance of team work.

Module 2: Apply, direct and monitor weed control programs.

Module 3: Apply, direct and monitor the control of health and nuisance pests.

Module 4: Direct and monitor the preservation of timber in structures.

Module 5: Inspect structures for wood destroying organisms.

Module 6: Fumigate commodities using toxic gasses.

Module 7: Fumigate soil using toxic gasses.

Module 8: Fumigate structures using toxic gasses.

Module 9: Fumigate marine vessels using toxic gasses.

Module 10: Bag bulk and structural fumigation.

Module 11: Termite's and wood destroying organisms.

How the course works is that you are required to complete Module 1 which is compulsory and comprises of chapter 1 to 11 and then you have to complete any one of Module 2 to 11. The course will be long distance learning and you will be expected to complete your workbooks as well as the on-line examination and after completion you will have to do a practical assessment in Pretoria, Cape Town or Durban. There is no time limit on when you may start the course as you can do your on-line examination whenever it suits you. The other option is that you can attend our three day skills course which caters for the practical side at no cost in the field that you have selected. Please contact our offices for more details
